Discussion ideas

- Add a point for discussion (fact, observation, conclusion, further investigation, or similar).
- Explain or extend a point made by someone else (try to add value).
- Correct a mistake or a misconception, or offer a critical commentary (critique).
- Construct an example to illustrate a point.
- Offer an insight (a statement or a *question* that sheds new light or opens up a new direction or brings about a helpful realization).
- Make a connection with another point from the course or a previous paper.

P&H Material Reference

- 2.1-2.10
